

## Butte

Advising clients in Montana and nationally.

# Clients rely on our geotechnical engineering and environmental consulting.

From beautiful Butte, Montana, on top of the “Richest Hill on Earth,” our consultants partner with clients across the country to deliver successful results for complex remediation, resource management, mining energy, and other projects. The office, which opened in 2025, builds experienced teams that advise on geochemistry, civil engineering, and the following range of services:

- [Brownfields](#)
- [Construction](#)
- [Contaminated site management](#)
- [Disaster and climate resilience services](#)
- [EHS compliance](#)
- [Sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Water resources](#)

Our Butte-based consultants collaborate with experts across the country to propel forward-thinking solutions that help clients meet regulatory requirements, maintain their reputation, and access cost-effective solutions.
