

Parsippany

A Haley & Aldrich hub for New Jersey clients.

Clients rely on our geotechnical engineering and environmental consulting.

Conveniently located in the heart of the tri-state area, Haley & Aldrich's Parsippany-based experts partner with our experts around the country to advise on:

- [Brownfields](#)
- [Construction](#)
- [Contaminated site management](#)
- [Disaster and climate resilience services](#)
- [EHS compliance](#)
- [Sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Water resources](#)

Our team has contributed to many projects throughout the state, including in nearby Hardwick, New Jersey, where we provided [rock engineering](#) expertise on a [complex dam rehabilitation project](#).
