Geo-Institute’s “Director’s Cut” with Damian Siebert

Damian Siebert, Geotechnical Engineering Service Leader at Haley & Aldrich, was featured on Geo-Institute’s (G-I) “Director’s Cut,” where G-I Director Brad Keelor interviews organization members about anything and everything. Watch the interview to hear Damian talk about:

- His role at Haley & Aldrich
- An interesting discovery when excavating a site in Boston’s Seaport
- The impacts and perspectives of Boston’s Big Dig
- His experience as a professor at Tufts University
- Fun topics, like his least favorite ice cream flavor or favorite cartoon growing up
